### Interaction with the Principal

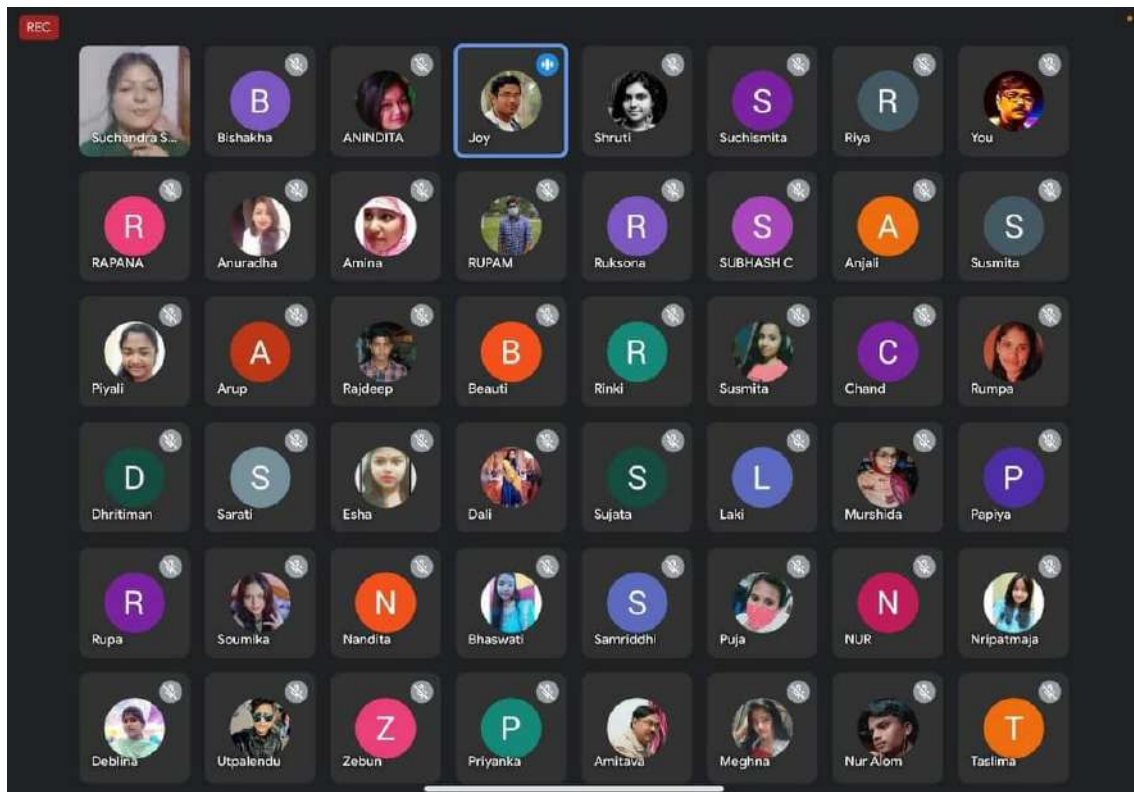

Summary :-This introduction session of the new students with the principal was great, the hall of Dinhata College was full to the brim. For almost two hours, the principal talked to our students, telling them to move forward in their lives. Along with this introduction, the students express their opinions very nicely.

### Online Programme “Teacher Day Celebration”

Summary :-On Teachers' Day, students wanted to honor their teachers in the pandemic situation. I liked it very much.
